EDUCATIONAL MEDIA

NZME Educational Media is all about niche audiences: New Zealand audiences who want a sector-specific perspective on what's going on locally, as well as globally, with a window to what's coming next. NZME Educational Media is New Zealand's leading education and health multi-platform publisher, producing more than 53 publications annually. Every year we write and sub more than one million words across 2,600 pages, maintain and update six industry websites, manage more than 100,000 active subscribers, and create and send more than 150 EDMs.

We are passionate about publishing, and have proven competencies in print management, commercial content, website development and management and project management. We work with a variety of education, health and government organisations to produce magazines, websites, prospectuses, annual reports, strategic plans, newsletters and various promotional items.

EducationReview.co.nz is the leading reputable and independent website for New Zealand educators

Unfettered analysis of the issues concerning the early childhood, primary, secondary and tertiary education sectors.

Education Review takes both a navel-gazing and big-picture approach to discussing education issues. Whether it's scrutinising pedagogical practices or analysing how the next global edtech innovations will work in Kiwi classrooms, we aim to hit the mark for our educators.

Education Review's website delivers value-added digital content to our readers, including related resources, video content, suggested further reading, and a forum to ask questions, share experiences and engage in discussion.
